

upcoming seminars:
(SFB seminar talks & internal talks)

12.03.2024	RECTOR´S DAY	
19.03.2023	There is a talk on a related topic by Fena Ochs at 11:00am	
26.03.2024	EASTER HOLIDAYS	
02.04.2024	EASTER HOLIDAYS	
09.04.2024	There is a talk on a related topic by Johannes Walter at 11:00am	
16.04.2024	Xiaoqi Feng IST Austria	Epigenetic regulation of germline development <i>Host: Peter Schlögelhofer</i>
23.04.2024	Alex Dammermann	Adaptations to the meiotic program in parthenogenetic nematodes
30.04.2024	Philipp Schiffer University of Cologne	Parthenogenesis, cryptobiosis, and the survival in extreme environmental conditions <i>Host: Alex Dammermann</i>
07.05.2024	Simone Köhler EMBL Heidelberg	Unraveling the Complexity of Crossover Regulation in <i>C. elegans</i> <i>Host: Peter Schlögelhofer</i>
14.05.2024	<i>slot still available</i>	<i>Chris off ! Alex off !</i>
21.05.2024	Christopher Campbell	Chromosome segregation and aneuploidy in meiosis
28.05.2024	Yumi Kim Johns Hopkins University, Baltimore	Building the <i>C. elegans</i> synaptonemal complex <i>Host: Verena Jantsch</i>
04.06.2024	Gordon Research Conference on Meiosis, Boston	
11.06.2024	There is a talk on a related topic by David Pellman at 11:00am	
18.06.2024	Pascal Bernard ENS de Lyon	Understanding how the DNA-loop-extruding protein complex Condensin folds a chromatinized genome into mitotic <i>chromosomes</i> <i>Host: Franz Klein</i>
25.06.2024	Attila Toth TU Dresden	<i>tba</i> <i>Host: Franz Klein</i>
