SFB „MEIOSIS“ talks

Vienna Biocenter, Seminar Room 1 (6.501)

15.09.2026	Hajime Murakami, PhD University of Aberdeen	Cohesin–axis interaction via a conserved Red1 motif promotes domain-specific DSB formation and Mek1 activation *Host: Peter Schlögelhofer*
22.09.2026	Agnieszka Lukaszewics University of Michigan	*Germline mutagenesis by nonhomologous end-joining* *Host: Peter Schlögelhofer*
29.09.2026	Barbara Arbeithuber Johannes Kepler University Linz	How does maternal age affect the mitochondrial genome in oocytes? *Host: Irene Tiemann-Boege*
13.10.2026	Stefan Heckman IPK Gatersleben	Meiosis in plants – Towards Mixing it up Host: Peter Schlögelhofer
27.10.2026	Angelika Lahnsteiner Universität Salzburg	tba Host: Irene Tiemann-Boege
03.11.2026	Arp Schnittger University of Hamburg	What makes meiosis meiosis? Host: Peter Schlögelhofer
17.11.2026	Christian Zierhut The Institute of Cancer Research London	tba Host: Verena Jantsch
01.12.2026	Linda Odenthal-Hesse Max-Planck-Institut für Evolutionsbiologie, Plön	tba Host: Irene Thiemann-Boege
22.12.2026	Andreas Hochwagen New York University	tba Host: Peter Schlögelhofer

19.01.2027	Chloé Girard Gif-sur-Yvette	tba Host: Joao Matos
26.01.2027	Students' Presentations	tba
23.02.2027	Raphael Mercier MPIPZ, Cologne	tba Host: Joao Matos
06.04.2027	Thomas Robert CNRS France	tba Host: Joao Matos
13.04.2027	Dana Branzei University of Duisburg-Essen	tba Host: Joao Matos
